Simply smarter.

Brown Line's Digital Angle Gauge quickly attaches to the handle of any standard wrench or breaker bar. It even keeps track of angular rotation when using a ratchet. Simply put, it's the world's smartest tool for any angle.

Visit us at AAPEX Booth 973.

INNOVATION AWARDS CEREMONY

Tuesday, November 5th at 10 a.m.
**Professional Tool & Equipment News and
Tool & Equipment Lounge - Booth #1061**

Come to the Innovation Award ceremony to see the latest tool & equipment innovations!

WRENCHIN' ROGER

Keep-up with Wrenchin' Roger while he travels the show floors at AAPEX and SEMA! He will be capturing video of the latest products, visiting with exhibitors and may stop to chat with you! Recordings will be available on the VehicleServicePros Facebook page and at www.VehicleServicePros.com/aapecx.

 Follow Wrenchin' Roger @WrenchinRoger #AAPEX2013

INDUSTRY INSIGHTS

VehicleServicePros Industry Insights newscast broadcasts

bi-monthly on the latest automotive industry news, interviews with key industry suppliers, and new tool and equipment introductions (including demonstrations). Watch current and previous episodes by visiting www.VehicleServicePros.com/media-center/newscasts.

TOOL CHEST; THE ULTIMATE TOOL GUIDE!

Our most mobile platform yet! At the fender, in the break room, on the tool truck or even on your couch. It provides more product information, through interactive videos, slideshows and multiple product photos in one platform.

New products added monthly.
