

PTEN TOP 100 PRODUCTS 2024

EACH YEAR, WE PUT TOGETHER A LIST OF the most inquired about products we've featured in *PTEN* over the past year. Our hope with this list is to share with you what other technicians and shop owners are interested in

and to help us see what tools and equipment our readers are gravitating toward so we can continue to service those interests. Inquiries were submitted using the reader service cards in each of our issues and through our online e-inquiry system. The next couple of pages showcase the top 25 products of 2024. You can find the full top 100 list by visiting VehicleServicePros.com/2024-top-100-products.

—Elli Carder, Assistant Editor

Allows for easier installation and removal
